12<sup>th</sup> March 2021

Dear Parents/Carers

It has been wonderful to see all the children back in school this week. There was such a lovely buzz in the air on Monday when they went outside in their class groups to play and socialise together at the start of the day.

### Science and Engineering Week and World Book Day

I hope your child/ren have enjoyed World Book Day this week. It was lovely to see them in their costumes on Tuesday. Yesterday, the children got to watch Dr Ken's live science show via Zoom. It has been great to be able to have all the children back together to celebrate these special events in schools.

### Get in SHAPPE

Over the coming weeks the whole school community are going to be working on our "Get in Shappe" project. As part of this work we will be encouraging pupils to think carefully about their presentation, punctuation, spellings and handwriting and how they can always achieve their best in these areas. We will be awarding certificates and rewards for those pupils who are able to demonstrate that they always aim to achieve their best in their spellings, handwriting, punctuation and presentation in all subject areas. We would be grateful if you could support your child/ren by encouraging them to work towards this project when they are completing homework at home.

### SeeSaw

Following on from the success of using SeeSaw for remote learning we have decided to use this platform to set all homework and spellings from now on. This will help us to think about the amount of paper we are sending home. Your child/rens class teachers will let you know whether the work they have set can be completed online using SeeSaw or whether they would like them to write their answers in their homework books. There will not be a need for you to print the work out.

Kind regards

Mrs Sarah Disney
