

The Dove Federation

Executive Headteacher: Mrs Sarah Disney

21st October 2021

Dear Parents/Carers

This is a letter that I hoped we would not have to be sending. Unfortunately, this afternoon, all schools in Norfolk have received advice from the director of education for Norfolk and the director of Norfolk public health regarding face to face parent's events.

Due to the provided advice this means that we not at this time able to invite parents to any further celebration assemblies or school events. This does unfortunately mean that parents will not be able to attend Caston's harvest festival.

We were really looking forward to seeing parents face to face again at parents evening in November. We will now have to move parents evening online and will use Zoom for this. The school office will be in contact with the login details after half term. With the staff team we will try to come up with a way in which parents can view their children's books and work should you wish to see this.

I hope that this will be only a temporary measure and we will be able to welcome you back into the school building again soon.

Kind regards

Mrs Disney
